

Newsletter October 2018

MacMillan

THANK YOU!

You have helped raise a great deal of money for MacMillan.

Cake event £304

Raffle £805

Brave the Shave over £2680

Miss Eddings is still having chemo and remaining positive. She really appreciates all your kindness.

Lunches

Thank you for completing the survey on school lunches. As a result we will be moving toward offering fruit, yoghurt and possibly cheese and crackers. In the meantime a new menu is coming out today so make the most of the puds!!!!

We will also be ensuring children eat their vegetables in order that they get a balanced meal at lunchtime.

Thank you for making your children's packed lunches so healthy - what a success story you have made this!

Thinking Room

In the last 8 weeks only 47 children have had to come to the thinking room. That means 116 children have not been to the thinking room this half term.

Of the 47 who have been in the thinking room 32 came only once or twice and only 5 children have been 5 times or more.

Running

We will run every day unless it is dangerous - **rain and cold are NOT dangerous!**

Please make sure your child has trainers at school as all the children run better when they wear these.

Coats will be essential in the cold and a waterproof jacket would be great for the rain.

Remember - your child can come to school in plain black or grey jogging pants or thick leggings and this certainly makes a difference to the running.

Parents' Evening

Thank you for making our Parents' Evening so much fun.

We have to tell you where your child is against the government expectations for their age but it is also really important to remember they are a whole person. They may not be brilliant at maths or english but they may be kind, funny, artistic, musical, supportive of their friends, good company, good fun, a great runner, a good role model and much, much more.

Friday 26th October - Fitness Assembly at 2pm. SCHOOL CLOSSES AT 2.45pm
