Mill Lane

Homework Policy

Amended Sept 2020 COVID 19

Adopted and ratified by governing body: September 2019

Review date: March 2020

At Mill Lane School we believe homework should be used to embed learning and give children the opportunity to practice skills but not cause conflict or negative interactions at home.

We also believe that positive, non-academic, family experiences help children to grow in confidence and so support their experience in school.

All families at Mill Lane Primary School will be given The Family Challenge Homework document. This sets out activities that families can share together over the academic year. We have included an option for families to share their experiences with the wider community by sending us pictures which we can display in school. These activities can be completed in any order.
